Subject: Open Records request HNTB Study of the Hoan Bridge

Dear County Supervisor Jursik:

In response to your July 27<sup>th</sup>, 2009 open records request letter, please find attached the materials compiled by Paul Trombino, Division Operations Manager. Included is the contract work order between the Department of Transportation and HNTB, Inc., regarding the Hoan Bridge Conceptual Planning study and respective reports.

The initial work order with HNTB was executed on June 9, 2008. This work order resulted in the report titled "Hoan Bridge & Harbor Redevelopment, design sketchbook." On December 11, 2008, the Department amended the initial work order to conduct a travel time analysis along the Lake Parkway relative to options in the conceptual planning study having the Hoan Bridge conceptually sketched at a lower elevation. The report and PowerPoint titled Lake Parkway Travel Time Analysis was delivered to the Department by HNTB for this amendment.

Please contact Mr. Trombino at (608) 264-6677 if you need further clarification on the information or process used to acquire these reports on the Hoan Bridge. Thank you.

The cost of the copies being provided with this transmittal of 113 pages at 25 cents each is \$28.25. Please make a check payable to the Wisconsin Department of Transportation and send the payment to:
